Continuation of 5. does NOT place the application in condition for allowance because: of the reasons set forth in the prior office action. Particularly, the obsence of antioxidant in the composition is obvious in view of the employment of microencapsulation by beeswax. The microencapsulation by beeswax performs the function of antioxidant. Note, omission of an element and its function is obvious if the function of the element is not desired (MPEP 2144.04 II).

The proposed amendment corrects a typographic error, does not change the scope of claimed invention.
